

2009 Lecture Schedule

The MedVet Charitable Foundation is extending an invitation to you to attend the Central Ohio Veterinary Technicians Lecture Series. The series of lectures are presented at The Milton Wyman Teaching and Learning Center in the MedVet facility at 300 E. Wilson Bridge Road in Worthington. We invite you to join us for refreshments at 7:00pm with each lecture beginning at 7:30pm and lasting approximately one hour.

The lectures are held every other month on a rotating weekday schedule. The speakers are specialists in various areas of veterinary medicine and provide engaging information in a way to help build your own skills and knowledge base. Each technician receives one hour of continuing education credit through the Ohio Veterinary Medical Licensing Board for each meeting attended.

We request a nominal fee of \$20.00 per year per veterinary technician or assistant that would like to attend these meetings. The fee covers the cost of maintaining the facility, refreshments, and lecture notes.

We average about 20 participants per lecture. We look forward to this year's schedule and hope you can join us!
